

test-runner-from-scratch > tests > code.test.js > describe('My test suite') callback > it('match snapshot') callba

```
1  import { describe, it } from 'node:test'
2  import assert from 'node:assert'
3
4  function cowsay() {
5    return `
6
7    < Hello, World! >
8
9    -----
10   \      ^__^
11   \      (oo)\_____
12      (__)\       )\/\
13         ||----w |
14         ||     ||
15 `
16  }
17
18  describe('My test suite', () => {
19    it('match snapshot', async () => {
20      await assert.snapshot(cowsay(), 'cowsay.snap')
21    })
22  })
```

following the discussion in [#44466 \(comment\)](#)
removing `assert.snapshot` and will add another
implementation to `node:test`

😊 👍 1
