test-runner-from-scratch > tests > code.test.js > describe('My test suite') callback > it('match snapshot') callba

```
1  import { describe, it } from 'node:test'
2  import assert from 'node:assert'
3
4  function cowsay() {
5    return `
6
7    < Hello, World! >
8
9    -----
10
11     \      ^__^
12      (oo)\_____
13         (__)\       )\/\
14            ||----w |
15            ||     ||
16
17    `
18  }
19
20 describe('My test suite', () => {
21   it('match snapshot', async () => {
22     await assert.snapshot(cowsay(), 'cowsay.snap')
23   })
24 })
```
