MoLow commented on Jan 5 Member

following the discussion in [#44466 \(comment\)](#)
removing `assert.snapshot` and will add another
implementation to `node:test`

▼ NODE

```
39
40   async function assertSnapshot(actual, filename = process.argv[1]
41     const snapshot = getSnapshotPath(filename);
42     if (process.env.NODE_REGENERATE_SNAPSHOTS) {
43       await fs.writeFile(snapshot, actual);
44     } else {
45       let expected;
46       try {
47         expected = await fs.readFile(snapshot, 'utf8');
48       } catch (e) {
49         if (e.code === 'ENOENT') {
50           console.log(
51             'Snapshot file does not exist. You can create a new o
52           );
53         }
54         throw e;
55       }
56       assert.strictEqual(actual, replaceWindowsLineEndings(expect
57     }
58   }
```
